

EASY BOWL Ø80x73 cm

By MACETEROS

Collection of planters with a design of soft and elegant lines to create pleasant outdoor spaces. Their material, based on polypropylene, responds to the demands of any environment, giving the pieces robustness and great resistance to sunlight. In addition, their semi-natural texture and neutral colours create perfect harmony with the surrounding nature. The collection consists of two models: the pot available in three sizes and the bowl available in two sizes.
