

BONES MACETEROS 44x52x70

By Ludovica + Roberto Palomba

Bones is elegant in its slender shape but at the same time strong in its build. Its generous volume is softened by a subtle edge that makes it light. Bones is reversible, that is to say it can be stood up with the wide end on top or that end can be used as the base whenever greater stability is needed or preferred. On an engineering level Bones is fantastic, with an invisible internal structure that provides the necessary strength, transmitting the weight from the base of the container to the base of the flowerpot to bear the weight of any plant or tree. Bones is made of resin of PE by means of the rotational molding technique and is available with various VONDOM finishes.

Features

Description

Pot made of polyethylene resin by rotational moulding. 100% Recyclable. Item suitable for indoor and outdoor use. Available in different finishes.

Weight

6 Kg

Finishes

SELF-WATERING

Ref. 57002R

Self-watering system included in all planters except those with basic finish

BASIC

Ref. 57002A

Matt Polyethylene

LACQUERED

Ref. 57002F

Lacquered Polyethylene

LIGHT

Ref. 57002W

Translucent white Matt Polyethylene. Includes white light either with CFL bulb or white LED

RGB LED

Ref. 57002L

Translucent white matt Polyethylene. Includes LED light operated by remote control. Colors can be selected or changed automatically (White, red, green, blue, light blue, pink and yellow).

RGB LED DMX

Ref. 57002D

Translucent white matt Polyethylene. Includes LED light operated by DMX512 wireless, allowing the connexion to light control systems (XLR), Wi-Fi routers, home automation, etc.

RGB LED BATTERY

Ref. 57002Y

Translucent white matt Polyethylene. Includes cordless LED light with rechargeable batteries, operated by remote control.
