

Table top 59x59 hpl 10 mm

by Ramón Esteve

Faz is a modular collection of outdoor furniture and planters designed by Ramón Esteve for Vondom. He is the architect of harmony, serenity, timelessness and universality, and he has created mineral and emphatic shapes that make Faz a design that contextualizes with homes and installations. An ambience, encircling as a result of the blissful combination of the material and lighting, so that the sole sensation would be its fusion.

Info

Description

HPL tabletops are made out of paper layers agglutinated with thermoset resins of Melamine-Formaldehyde on the surface and Phenol-Formaldehyde inside. Everything is pressed at high temperature and pressure. Suitable for indoor and outdoor.

Weight: 5.18 Kg
